Understanding Maxine

Hong Kingston - Julia H Lee
2018-02-28

Maxine Hong Kingston is known for using a distinctive blend of autobiography, fantasy, and folklore to explore the history, experience, and identity of Chinese Americans. This is exemplified in her first book, *The Woman Warrior*, winner of the National Book Critics Circle Award for

nonfiction, a bestseller, and a staple on college and university syllabi. Although *The Woman Warrior* is by far her most celebrated book, Kingston has penned a wide range of essays, fiction, and poetry, including *China Men*, *Tripmaster Monkey*, *Hawai'i One Summer*, *To Be a Poet*, *The Fifth Book of Peace*, *I Love a Broad Margin to My Life*, and the edited volume *Veterans of War*,

Veterans of Peace. Understanding Maxine Hong Kingston is the first book-length work to examine the entirety of Kingston's literary career, from *The Woman Warrior* to her most recent volume of poetry. Julia H. Lee weaves together scholarly assessments, interviews, biographical information, and her own critical analysis to provide a complete and complex picture of Kingston's works and its impact on memoir, feminist fiction, Asian American literature, and postmodern literature. Lee examines the influence that previous generations of Asian American authors, feminism, and antiwar activism have had on Kingston's work. Offering important contextual information about Kingston's life, Lee shows how it has so often served as a starting point for Kingston's writing. Also studied are her complex attitudes toward genre, and her ever-evolving identity as a novelist, essayist, memoirist, and poet. A comprehensive bibliography of critical

secondary sources will be an invaluable resource for readers and critics of Kingston's works. [Tripmaster Monkey](#) - Maxine Hong Kingston 2011-02-09 Driven by his dream to write and stage an epic stage production of interwoven Chinese novels Wittman Ah Sing, a Chinese-American hippie in the late '60s. *The Best We Could Do* - Thi Bui 2017-03-07 National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents

the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls "a book to break your heart and heal it," *The Best We Could Do* brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past. *Love in the Time of Cholera (Illustrated Edition)* - Gabriel

García Márquez 2020-10-27
A beautifully packaged edition of one of García Márquez's most beloved novels, with never-before-seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author's son, Gonzalo García Barcha. In their youth, Florentino Ariza and Fermina Daza fall passionately in love. When Fermina eventually chooses to marry a wealthy, well-born doctor, Florentino is devastated, but he is a romantic. As he rises in his business career he whiles away the years in 622 affairs—yet he reserves his heart for Fermina. Her husband dies at last, and Florentino purposefully attends the funeral. Fifty years, nine months, and four days after he first declared his love for Fermina, he will do so again. *Conversations with Maxine Hong Kingston* - Maxine Hong Kingston 1998
In this collection of interviews, Kingston talks about her life, her writing, and her objectives. From the first, her books have hovered along the hazy line

between fiction and nonfiction, memoir and imagination. As she answers her critics and readers, she both clarifies the differences and exults in the difficulties of distinguishing between the remembered and the re-created. She explains how she worked to bridge her parents' Chinese dialect with American slang, how she learned to explore her inheritance and find new relevance in her mother's "talk-stories," and how she developed the complex juxtapositions of myths and memoir that fill her books.

Bonobo Handshake - Vanessa Woods 2011-06-07

A young woman follows her

fiancé to war-torn Congo to study extremely endangered bonobo apes-who teach her a new truth about love and belonging. In 2005, Vanessa Woods accepted a marriage proposal from a man she barely knew and agreed to join him on a research trip to the Democratic Republic of Congo, a country reeling from a brutal decade-long war that had claimed the lives of millions. Settling in at a bonobo sanctuary in Congo's capital, Vanessa and her fiancé entered the world of a rare ape with whom we share 98.7 percent of our DNA. She soon discovered that many of the inhabitants of the sanctuary-ape and human alike-are refugees from unspeakable violence, yet bonobos live in a peaceful society in which females are in charge, war is nonexistent, and sex is as common and friendly as a handshake. A fascinating memoir of hope and adventure, *Bonobo Handshake* traces Vanessa's self-discovery as she finds herself falling deeply in love with her husband, the apes, and her new

surroundings while probing life's greatest question: What ultimately makes us human? Courageous and extraordinary, this true story of revelation and transformation in a fragile corner of Africa is about looking past the differences between animals and ourselves, and finding in them the same extraordinary courage and will to survive. For Vanessa, it is about finding her own path as a writer and scientist, falling in love, and finding a home. Watch a Video *Being Wrong* - Kathryn Schulz 2011-01-04

To err is human. Yet most of us go through life assuming (and sometimes insisting) that we are right about nearly everything, from the origins of the universe to how to load the dishwasher. In *Being Wrong*, journalist Kathryn Schulz explores why we find it so gratifying to be right and so maddening to be mistaken. Drawing on thinkers as varied as Augustine, Darwin, Freud, Gertrude Stein, Alan Greenspan, and Groucho Marx, she shows that error is both a

given and a gift—one that can transform our worldviews, our relationships, and ourselves.

The Woman Warrior - Maxine Hong Kingston 2010-09-01
NATIONAL BOOK CRITICS
CIRCLE AWARD WINNER •
NATIONAL BESTSELLER •

With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. “A classic, for a reason” - Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother’s “talk stories.” The fierce and wily women warriors of her mother’s tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston’s sense of self emerges in the mystifying gaps in these stories, which she learns to fill

with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family’s past and her own present.

The Eye of God - James Rollins 2013-06-25

In *The Eye of God*, a Sigma Force novel, New York Times bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past. In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin. At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with ancient Aramaic and a tome bound in human skin. DNA

evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan. Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon hidden for centuries that holds the fate of humanity.

The Argonauts - Maggie Nelson 2015-05-05

An intrepid voyage out to the frontiers of the latest thinking about love, language, and family Maggie Nelson's *The Argonauts* is a genre-bending memoir, a work of "autotheory" offering fresh, fierce, and timely thinking about desire, identity, and the limitations and possibilities of love and language. It binds an account of Nelson's relationship with her partner and a journey to and through a pregnancy to a rigorous exploration of sexuality, gender, and "family." An insistence on radical individual freedom and the value of caretaking becomes the rallying cry for this thoughtful, unabashed,

uncompromising book.

The Will to Change - bell hooks 2004-01-06

Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back

in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women. A brave and astonishing work, *The Will to Change* is designed to help men reclaim the best part of themselves.

Love Your Enemies - Arthur C. Brooks 2019-03-12

NATIONAL BESTSELLER To get ahead today, you have to be a jerk, right? Divisive politicians. Screaming heads on television. Angry campus activists. Twitter trolls. Today in America, there is an "outrage industrial complex" that prospers by setting American against American, creating a "culture of contempt"—the habit of seeing people who disagree with us

not as merely incorrect, but as worthless and defective.

Maybe, like more than nine out of ten Americans, you dislike it. But hey, either you play along, or you'll be left behind, right? Wrong. In *Love Your Enemies*, social scientist and author of the #1 New York Times bestseller *From Strength to Strength* Arthur C. Brooks shows that abuse and outrage are not the right formula for lasting success. Brooks blends cutting-edge behavioral research, ancient wisdom, and a decade of experience leading one of America's top policy think tanks in a work that offers a better way to lead based on bridging divides and mending relationships. Brooks' prescriptions are unconventional. To bring America together, we shouldn't try to agree more. There is no need for mushy moderation, because disagreement is the secret to excellence. Civility and tolerance shouldn't be our goals, because they are hopelessly low standards. And our feelings toward our foes are irrelevant; what matters is

how we choose to act. *Love Your Enemies* offers a clear strategy for victory for a new generation of leaders. It is a rallying cry for people hoping for a new era of American progress. Most of all, it is a roadmap to arrive at the happiness that comes when we choose to love one another, despite our differences.

I Love a Broad Margin to My Life - Maxine Hong Kingston 2011-01-18

In her singular voice—humble, elegiac, practical—Maxine Hong Kingston sets out to reflect on aging as she turns sixty-five. Kingston's swift, effortlessly flowing verse lines feel instantly natural in this fresh approach to the art of memoir, as she circles from present to past and back, from lunch with a writer friend to

the funeral of a Vietnam veteran, from her long marriage (“can’t divorce until we get it right. / Love, that is. Get love right”) to her arrest at a peace march in Washington, where she and her “sisters” protested the Iraq war in the George W. Bush years. Kingston embraces Thoreau’s notion of a “broad margin,” hoping to expand her vista: “I’m standing on top of a hill; / I can see everywhichway— / the long way that I came, and the few / places I have yet to go. Treat / my whole life as if it were a day.” On her journeys as writer, peace activist, teacher, and mother, Kingston revisits her most beloved characters: she learns the final fate of her Woman Warrior, and she takes her Tripmaster Monkey, a hip Chinese American, on a journey through China, where he has never been—a trip that becomes a beautiful meditation on the country then and now, on a culture where rice farmers still work in the age-old way, even as a new era is dawning. “All over China,” she writes,

“and places where Chinese are, populations / are on the move, going home. That home / where Mother and Father are buried. Doors / between heaven and earth open wide.” Such is the spirit of this wonderful book—a sense of doors opening wide onto an American life of great purpose and joy, and the tonic wisdom of a writer we have come to cherish.

Everything I Never Told You

The Fifth Book of Peace -

Maxine Hong Kingston

2004-09-28

Now in this visionary and redemptive work, Kingston completes her interrupted labor, weaving fiction and

memoir into a luminous meditation on war and peace, devastation and renewal.

Mothers at the Margins - Jenny Jones 2015-06-18

In the last two decades, maternal scholarship has grown exponentially. Despite this, however, there are still numerous areas which remain under-researched, one of which is the experiences of marginalised mothers. Far from being a sentimental, feel-good account of mothering, this collection speaks with the voices of mothers through the application of a matricentric lens. In particular, it speaks with the voices of those mothers who feel alienated or stigmatised; mothers who have been rendered ...

In The Slender Margin - Eve Joseph 2014-04-22

Part memoir, part meditation, this book is an exploration of death from an "insider's" point of view. Using the threads of her brother's early death and her twenty years of work in hospice care, Eve Joseph utilizes history, religion, philosophy, literature, personal anecdote, mythology, poetry and pop culture to discern the unknowable and illuminate her travels through the land of the dying. This is neither an academic text nor a self-help manual; rather, it is a foray into the land of death and dying as seen through the lens of art and the imagination. Rather than relying solely on narrative, *In the Slender Margin* gains momentum from a build-up of thematic resonances. Joseph writes toward thinking about death and in the process finds the brother she lost as a young girl. She wrote the book as a way to understand what she had seen: the mysterious and the horrific. Replete with literary allusions and

references, from Joan Didion and Susan Sontag to D. H. Lawrence and Voltaire, this is an absolutely absorbing and inspired consideration of how we die and how we deal with it; a profoundly moving and helpful meditation on the mystery that awaits us all.
