The Zohar - Michael Laitman 2009-01-01

The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

The Year of The Rat - Clare Furniss 2014-04-24

I always thought you'd know, somehow, if something terrible was going to happen. I thought you'd sense it, like when the air goes damp and heavy before a storm and you know you'd better hide yourself away somewhere safe until it all blows over. But it turns out it's not like that at all. There's no scary music playing in the background like in films. No warning signs. Not even a lonely magpie. One for sorrow, Mum used to say. Quick, look for another. The world can tip at any moment ... a fact that fifteen-year-old Pearl is all too aware of when her mum dies after giving birth to her baby sister. Told across the year following her

mother's death, Pearl's story is full of bittersweet humour and heartbreaking honesty about how you deal with grief that cuts you to the bone, as she tries not only to come to terms with losing her mum, but also the fact that her sister - The Rat - is a constant reminder of why her mum is no longer around... From the author of *How Not to Disappear* comes a stunning novel about love and loss, and how to carry on when your whole world is turned upside down. Praise for *The Year of the Rat*: 'Beautifully written with a dry sense of humour.' *The Stylist* 'I cried, I laughed, I cried some more... a moving must-read that'll stay with you long after the last page is turned.' *Bliss* 'The Year of the Rat is already a strong contender for best YA debut of 2014... I never wanted it to end.' *Wondrous Reads* 'This novel will stay with me for a very long time. A must-read.' *The Mile Long Bookshelf* 'An assured debut...Furniss describes Pearl's journey with sensitivity and humour' *The Bookseller* - editors pick section

[Amy Sillman](#) - Amy Sillman 2017

Sillman's works can be categorized as abstract painting, although her abstractions repeatedly allow forms and figures to be recognized. The title of the exhibition 'the ALL-OVER' refers to a concept often used to describe abstract painting. At its most literal, it refers to the practice of completely covering the canvas, a format that resists a traditional figure/ground hierarchy. The classic example of the style is embodied by the work of the American artist Jackson Pollock, though as the influential critic Clement Greenberg pointed out, the style in fact originated with the Ukrainian-American artist Janet Sobel. Sillman adapts this 'all-over' idea, using it as the title for her exhibition, which does not feature drip paintings as such, but which updates the idea of total coverage of the canvas through mechanical means (via inkjet printing) used in combination with the gestural. *Panorama*, consisting of twenty-four canvases, was developed for Portikus and is here seen in its entirety for the first time. Exhibition: Portikus, Frankfurt am Main, Germany (02.07. - 11.09.2016).

The Pininfarina Book - Günther Raupp 2015-03

What is innovation? The dictionary defines it as "renewal through the use of new processes and technologies." In advertising, everything is an innovation. But what is truly innovative? Since 1930, the Pininfarina design firm of Turin, Italy, has been answering that question. This is where the Cistalia 202 was developed, the first vehicle to be added to MoMA's permanent collection. The list goes on: the interior of the new stadium for Juventus Turin, the Nash Healey Spider seen in Billy Wilder's *Sabrina*, and the legendary Ferrari Dino 246 and Ferrari Testarossa. However, Pininfarina is not resting on its laurels, but blasting full speed ahead into the future with an expanded portfolio while honoring its heritage. Whether it's a solution for sustainable mobility, interior designs, or household gadgets, all Pininfarina projects bear an unmistakable signature. To visually celebrate the history and influence of Pininfarina, there is no one better suited than a man who has made his own unmistakable mark on automotive photography. Günther Raupp has spent 30 years photographing cars for Ferrari's official calendars, which enjoy a cult following among the experts. He has two successful books with teNeues, the most recent being *The Ferrari Book*. As a star photographer and connoisseur of industrial design, Raupp showcases a company that embodies true

Hard Bop - the late David H. Rosenthal 1993-09-09

It's nineteen fifty-something, in a dark, cramped, smoke-filled room. Everyone's wearing black. And on-stage a tenor is blowing his heart out, a searching, jagged saxophone journey played out against a moody, walking bass and the swish of a drummer's brushes. To a great many listeners--from African American aficionados of the period to a whole new group of fans today--this is the very embodiment of jazz. It is also quintessential hard bop. In this, the first thorough study of the subject, jazz expert and enthusiast David H. Rosenthal vividly examines the roots, traditions, explorations and permutations, personalities and recordings of a climactic period in jazz history. Beginning with hard bop's origins as an amalgam of bebop and R&B, Rosenthal narrates the growth of a movement that embraced the heavy beat and bluesy phrasing of such popular artists as Horace Silver and Cannonball Adderley; the stark, astringent, tormented music of saxophonists Jackie McLean and Tina Brooks; the gentler, more lyrical contributions of trumpeter Art Farmer, pianists Hank Jones and Tommy Flanagan, composers Benny Golson and Gigi Gryce; and such consciously experimental and truly one-of-a-kind players and composers as Andrew Hill, Sonny Rollins, John Coltrane, Thelonious Monk, and Charles Mingus. Hard bop welcomed all influences--whether Gospel, the blues, Latin rhythms, or Debussy and Ravel--into its astonishingly creative, hard-swinging orbit. Although its emphasis on expression and downright "badness" over technical virtuosity was unappreciated by critics, hard bop was the music of black neighborhoods and the last jazz movement to attract the most talented young black musicians. Fortunately, records were there to catch it all. The years between 1955 and 1965 are unrivaled in jazz history for the number of milestones on vinyl. Miles Davis's Kind of Blue, Charles Mingus's Mingus Ah Um, Thelonious Monk's Brilliant Corners, Horace Silver's Further Explorations--Rosenthal gives a perceptive cut-by-cut analysis of these and other jazz masterpieces, supplying an essential discography as well. For knowledgeable jazz-lovers and novices alike, Hard Bop is a lively, multi-dimensional, much-needed examination of the artists, the milieu, and above all the sounds of one of America's great musical epochs.

The Terror - Arthur Machen 2021-03-11

Set in the middle of the First World War, 'The Terror' unfurls the atrocities of the German invasion alongside the terrifying fear of the unknown - unexplained murders, surreptitious occurrences and collective paranoia. All of these spine-chilling factors culminate in a magical yet macabre denouement that will leave you at the edge of your seat. A gripping and haunting novella, 'The Terror' is a must-read for Machen enthusiasts and all horror fiction aficionados - in particular fans of H.P. Lovecraft and Edgar Allan Poe. Jorge Luis Borges cited Machen as a great writer and an inspiration for the magical realism movement in literature. Notorious occultist Aleister Crowley also greatly admired Machen for effortlessly crossing over the threshold that separates reality and the magical realm. Strongly recommended for fans of the 'Good Omens' series inspired by Terry Pratchett's fiction and starring Michael Sheen and David Tennant. Fans of the HBO show 'Lovecraft Country' may also find a true Lovecraft-ian treasure trove hidden between these pages. Arthur Machen (1863-1947) was a Welsh writer of supernatural, fantasy, and horror novels. Before his literary career skyrocketed he also worked as a journalist and an actor. His major belief was that the ordinary and external world surreptitiously conceals something far more mysterious and bizarre. In turn, we are deeply interested in trying to lift the veil enshrouding the threshold separating the two. His most acclaimed works include the classic horror novella 'The Great God Pan' and the semi-autobiographical 'The Hill of Dreams'.

Give Me Everything You Have - James Lasdun 2013-02-12

A true story of obsessive love turning to obsessive hate, Give Me Everything You Have chronicles the author's strange and harrowing ordeal at the hands of a former student, a self-styled "verbal terrorist," who began trying, in her words, to "ruin him." Hate mail, online postings, and public accusations of plagiarism and sexual misconduct were her weapons of choice and, as with more conventional terrorist weapons, proved remarkably difficult to combat. James Lasdun's account, while terrifying, is told with compassion and humor, and brilliantly succeeds in turning a highly personal story into a profound meditation on subjects as varied as madness, race, Middle East politics, and the meaning of honor and reputation in the Internet age.

Madame Du Deffand and Her World - Benedetta Craveri 2002

Madame du Deffand (1696-1780) was a minor French aristocrat who, bored by her marriage, threw herself into scandalous relationships with leading noblemen, including the French Regent. She later re-invented herself as a highly successful salonniere, her salon being frequented by leading thinkers of the day. She also maintained very witty, perceptive correspondences with Voltaire (whose letters back are full expositions of his philosophy) and later with Horace Walpole with whom she fell deeply in love, much to his shock.
