Science is Fiction - Andy Masaki Bellows 2001

One of the first to plunge underwater with a camera to bring the subaquatic world to the screen, maverick scientific documentary filmmaker Jean Painlevé (1902-1989) captured the throes of a male seahorse giving birth, the geometric choreography of crystal formation, and the mating habits of hermaphrodite mollusks. In a lifetime spanning nearly the history of cinema itself, Painlevé made over 200 films, including *The Seahorse*, *Freshwater Assassins*, *The Vampire*, and *The Love Life of the Octopus*. His lyrical and instructive animal behavior films set to avant-garde scores were much admired by Surrealist contemporaries such as Antonin Artaud, Luis Bunuel, and Jean Vigo. *Science Is Fiction* includes Marina McDougall's historically informative "Hybrid Roots," Brigitte Berg's heavily illustrated biographical essay "Contradictory Forces," art critic Ralph Rugoff's "Fluid Mechanics," a Liberation interview with Painlevé, stills from Painlevé's most celebrated films laid out in storyboard fashion, and a selection of Painlevé's writings appearing for the first time in English. The latter include "Neo-Zoological Drama," a playful romp on the behavior of Turbellaria, or flatworms; "Mysteries and Miracles of Nature," an idiosyncratic catalog of unusual animal behavior; and "Scientific Film," a discussion of science films that pays homage to Painlevé's fellow pioneers. The book also includes French film critic André Bazin's "Science Film: Accidental Beauty," a review of the 1947 International Association of Science Film festival, organized by Painlevé. Copublished with Bricolage Press.

Ida Lupino, Filmmaker - Phillip Sipiora 2021-07-15

Ida Lupino, Filmmaker begins with an exploration of biographical studies and analytical treatments of Lupino's film and television work as director, moving forward to assess Lupino's career in film and television with particular attention given to Lupino's singular, pioneering achievements and her role(s) within the cultural milieu(s) of her time, particularly the representation of women in cinema. Each chapter includes a close analysis of the film or television work with insights drawn from film history and cultural/gender studies to demonstrate that Lupino was a significant directorial figure in the development of film, especially in the late 1940s and early 1950s—and in television extending well into the 1960s. Lupino left her imprint on filmmaking and her canon of film and television work continue to influence Hollywood movie making. The contributors to this volume assess Lupino's main strengths as a filmmaker—her treatment of narrative movement, plotting, dialogue, gender roles, and uses of tradition representations of men and women in frames of parody and satire. The book collectively examines the successes (and failures) of Lupino's directorial career, including focusing on the reasons why she initially proved to be so strategic to the progress of women behind the camera.

Crossing the Jordan - Melany Bungay 2018-07-08

As a complete heathen and living a wild life of booze, weed, and married men, Melany was involved in most things she ought not to have been. As a proud atheist and believing in reincarnation, she did not believe in angels or demons, God, Satan, heaven or hell. While living and working in the Middle East, the spirit realm opened up to her one evening. Here, she was physically attacked by two demons, who told her that they were going to kill her. After a failed attempt at finding an exorcist she called out to God, telling Him that if He was real, that He should show up in a way that she could not deny. He did. Melany got radically touched by Jesus Christ that night and an amazing God adventure began that, to date, has taken her to six nations of the world. For the believer, this book will set your heart on fire for "the more" of God, realizing that you do not need to have a title or a twenty-year walk with the Lord to be used of Him in a powerful way. To the non-believer, this book will compel you to reconsider eternity.

St. Joseph and Benton Harbor - Elaine Cotsirilos Thomopoulos 2003

Two distinct communities which share equally vibrant histories, the twin cities of St. Joseph and Benton Harbor possess a rich heritage rooted in agriculture, manufacturing, transportation, and tourism. Through more than 200 photographs, this book documents the cities' development from the time when pioneers first struggled to create a community in the wilderness. It pays tribute to the men and women who labored to establish farms and industries, and celebrates the delightful beaches and amusement parks—such as the House of David and Silver Beach—that have brought joy to generations of residents and visitors alike.

Call Me Debbie - Deborah Voigt 2015-01-27

Internationally beloved opera star Deborah Voigt recounts her harrowing and ultimately successful private battles to overcome the addictions and self-destructive tendencies that nearly destroyed her life. Call Me Debbie is one of the most electrifying performances of Deborah Voigt's life. The brilliantly gifted opera soprano takes us behind the velvet curtains to tell her compelling story—a tale of success, addiction, music, and faith as dramatic as any role she has performed. For the first time, she talks about the events that led to her dangerous gastric bypass surgery in 2004 and its shocking aftermath: her substantial weight loss coupled with the "cross addiction" that led to severe alcoholism, frightening all-night blackouts, and suicide attempts. Ultimately, Voigt emerged from the darkness to achieve complete sobriety, thanks to a twelve-step program and a recommitment to her Christian faith. Colored by hilarious anecdotes and juicy gossip that illuminate what really goes on backstage, Voigt paints diverting portraits of the artists with whom she's worked, her most memorable moments onstage, and her secrets to great singing. She also offers fascinating insight into the roles she's played and the characters she loves, including Strauss's Ariadne and Salome, Puccini's Minnie, and Wagner's Sieglinde, Isolde, and Brünnhilde, sharing her intense preparation for playing them. Filled with eight pages of color photos, Call Me Debbie is an inspirational story that offers a unique look into the life of a modern artist and a remarkable woman.

Philip Freneau - Jacob Axelrad 2013-12-06

Philip Freneau was a poet, editor, and mariner. A graduate of Princeton, he was the roommate of James Madison and a classmate of Hugh Henry Brackenridge and Aaron Burr. When the colonies rebelled against England, he supported his newly born nation as a privateer, spending some time in a British prison as a result. He also served, more effectively, as "the poet of the Revolution." Later he became the journalistic voice of the democrats. Ardent devotee to liberty, he believed himself to be a defender of the common man, for whom he fought selflessly and often vitriolically throughout his life. In newspapers such as The Freeman's Journal, The New York Daily Advertiser, The

National Gazette, The Jersey Chronicle, and The Time-Piece, he published articles, letters, and poems, instructing the citizens of the new Republic about their rights, and attacking those who, he believed, were infringing on those rights. In the midst of the controversy in which he was so often involved, he also found time to write a small body of poetry whose sensitivity and beauty mark him as the poetic equal of his European contemporaries, and, in fact, as a precursor of the new Romantic movement. In Philip Freneau: Champion of Democracy Jacob Axelrad provides a detailed biography of this pensman of the Revolution and early Republic. He gives a sympathetic, imaginative, perceptive, yet objective interpretation of Freneau and his place in history, and at the same time he presents a delightfully readable and clear picture of the period during which the poet lived. These pages not only re-create the battles between Whig and Tory, federalist and democrat, but they also are alive with the activities and philosophies of the men who made American history. James Madison, Thomas Jefferson, Alexander Hamilton, George Washington, John Adams, James Monroe go about the business of creating and shaping a new country, and as they do, they

move into and out of the life of the poet of Monmouth, influencing him in a variety of ways. Above all, Axelrad brings to life for the reader the man Freneau: simple, direct, often uncritical in his devotion to the cause he believed in; courageous in sustaining his stand against strong opposition; disillusioned and pessimistic about human nature, yet boldly optimistic about the future of humanity and of his country. And always behind the furor the reader is aware of the man struggling to provide a living for himself and his family, and never quite succeeding.
