The Edge of the Horizon - Antonio Tabucchi 2015-08-27

New Directions is proud to be the publisher of the the distinguished Italian novelist Antonio Tabucchi, whose works include *The Edge of the Horizon*, a story of an "unimportant death," now available for the first time in a paperback edition. Late on night, the body of a young man is delivered to the morgue of an Italian town. The next day's newspapers report that he was killed in a police raid, and that went by the obviously false name "Carlo Nobodi." Spino, the morgue attendant on duty at the time, becomes obsessed with tracing the identity of the corpse. "Why do you want to know about him?" asks a local priest. "Because he is dead and I'm alive," replies Spino. In this spare yet densely packed cautionary tale, Tabucchi reminds us that it is impossible to reach the edge of the horizon since it always recedes before us, but suggests that some people "carry the horizon with them in their eyes."

The Scroll of Seduction - Gioconda Belli 2009-10-13

Manuel is a man of many talents; an art historian and professor, he is also an exquisite storyteller. When he meets 16-year-old Lucía on an

outing from her boarding school, he offers to narrate a story of dire consequences—that of the Spanish Queen Juana of Castile and her legendary love for her husband, Philippe the Handsome. Promised to Prince Philippe the Handsome to solidify ties between the Flemish and Spanish crowns, Queen Juana immediately fell in love with her betrothed with all the abandon and passion of her fiery personality. Theirs was one of the most tumultuous love stories of all time. But Juana, who was also one of the most learned princesses of the Renaissance, was forced to pay a high price for being headstrong and daring to be herself. Those at court who could not fathom Juana as heir to the throne of the most important empire of its day conspired against her and began to question her sanity. Eventually she came to be known as Juana the Mad. But was she really insane, or just a victim of her impetuosity and unbridled passion? As the novel unfolds, Lucía and Manuel become enmeshed in a complex psychological web that seduces and incites them to relive Juana and Philippe's story, and eventually leads them to a mysterious manuscript that may hold the key to Juana's alleged madness.

The Girl from Baghdad - Michelle Nouri 2011-07-01

The true story of a woman torn between two worlds. Michelle Nouri was born in Prague but grew up in vibrant pre-war Baghdad. Her privileged Iraqi childhood was like a fable; full of sun and games with her sisters and cousins in the crowded house of Bibi, matriarch of the powerful Nouri family. As a young girl, Michelle didn't fully understand the tensions between East and West that existed in her upbringing - Muslim ceremonies, Christian friends, Communist restrictions, private ballet classes and overseas trips. Her adolescence complicated things as family tradition dictated she should marry a cousin. She resisted - and instead found herself flirting with Uday Hussein, Saddam's eldest son. He invited her into a seductive world of tennis matches and moonlit concerts. But then, without warning, her privileged world imploded. The idyllic city of her childhood was devastated by war, and her father deserted his family to take a second wife. Michelle, her mother and sisters were abandoned and left impoverished. In desperation, they fled to Czechoslovakia, and embarked on a painful and emotional journey between cultures - Arabic, Communist and Western.

Introduction to the Devout Life - Saint Francis (de Sales) 1891

The Little Book of Passage - Franca Mancinelli 2018-09-28

Poetry. Bilingual Edition. Translated from the Italian by John Taylor. THE LITTLE BOOK OF PASSAGE is the story of the crossing of an inner fault line, a travel diary through the territories of the psyche: presences close to disappearing and dreamlike atmospheres act as a deforming mirror in regard to the gestures and happenstances of everyday life. Allusiveness and precision, density and evanescence, are juxtaposed and integrated in this continuous attempt to focus on and pronounce the world. As in a rite of passage, Franca Mancinelli, who lets herself be visited by shadows, recomposes the fragments of an open identity, which has never abandoned the origin.

Many Chinese artists, including poets, painters, calligraphers, and even gardeners have used the Tao Te Ching as a source of inspiration. Majakovski - Adriano Spatola 1975

[A City in Search of an Author](#) - Katia Pizzi 2002-02-01

Poised between the Mediterranean and the Mitteleuropa, crossroads of civilizations and seat of vibrant cultural and literary life, Trieste is now acknowledged as enjoying unrivalled cultural status amongst Italian cities. This volume, the first comprehensive study of Triestine literature

in English, originally reassesses Trieste's literary identity, paying particular attention to the period between 1918 and 1954 when local writing became intensely aware of its local specificity and some of its central motifs came prominently to the fore. Trieste's singular border identity, mirrored in a variegated literary output, emerges here as laden with complexities and ambiguities, such as the controversial notion of triestinita, the ambiguous relation with nationalism, specifically in its Fascist inflection, and the anxieties generated by repeated re-definitions of the area's historical borders.

Unlocking the Customer Value Chain - Thales S. Teixeira 2019-02-19

Based on eight years of research visiting dozens of startups, tech companies and incumbents, Harvard Business School professor Thales Teixeira shows how and why consumer industries are disrupted, and what established companies can do about it—while highlighting the specific strategies potential startups use to gain a competitive edge. There is a pattern to digital disruption in an industry, whether the disruptor is Uber, Airbnb, Dollar Shave Club, Pillpack or one of countless other startups that have stolen large portions of market share from industry leaders, often in a matter of a few years. As Teixeira makes clear, the nature of competition has fundamentally changed. Using innovative new business models, startups are stealing customers by breaking the links in how consumers discover, buy and use products and services. By decoupling the customer value chain, these startups, instead of taking on the Unilevers and Nikes, BMW's and Sephoras of the world head on, peel away a piece of the consumer purchasing process. Birchbox offered women a new way to sample beauty products from a variety of companies from the convenience of their homes, without having to visit a store. Turo doesn't compete with GM. Instead, it offers people the benefit of driving without having to own a car themselves. Illustrated with vivid, in-depth and exclusive accounts of both startups, and reigning incumbents like Best Buy and Comcast, as they struggle to

respond, *Unlocking the Customer Value Chain* is an essential guide to demystifying how digital disruption takes place - and what companies can do to defend themselves.

"The reptilian servant is only the first in a series of fantastic touches that transform the narrative into a satiric fable dense with the echoes of Shakespeare's 'Tempest' and Kafka's 'Metamorphosis.' . . . The Iguana is a superb performance." "€"New York Times Book Review

Conversations with God - Neale Donald Walsch 1996

Persuasion and Rhetoric - Carlo Michelstaedter 2004-01-01

Emerson and Thoreau are the most celebrated odd couple of nineteenth-century American literature. Appearing to play the roles of benign mentor and eager disciple, they can also be seen as bitter rivals:

America's foremost literary statesman, protective of his reputation, and an ambitious and sometimes refractory protege. The truth, Joel Porte maintains, is that Emerson and Thoreau were complementary literary geniuses, mutually inspiring and inspired. In this book of essays, Porte focuses on Emerson and Thoreau as writers. He traces their individual achievements and their points of intersection, arguing that both men, starting from a shared belief in the importance of self-culture, produced a body of writing that helped move a decidedly provincial New England readership into the broader arena of international culture. It is a book that will appeal to all readers interested in the writings of Emerson and Thoreau.

Consent - Donna Freitas 2019-08-13

"Consent is compelling and disturbing and a welcome expansion of our urgent conversation"--Rebecca Traister Donna Freitas has lived two lives. In one life, she is a well-published author and respected scholar who has traveled around the country speaking about Title IX, consent, religion,

and sex on college campuses. In the other, she is a victim, a woman who suffered and suffers still because she was stalked by her graduate professor for more than two years. As a doctoral candidate, Freitas loved asking big questions, challenging established theories and sinking her teeth into sacred texts. She felt at home in the library, and safe in the book-lined offices of scholars whom she admired. But during her first year, one particular scholar became obsessed with Freitas' academic enthusiasm. He filled her student mailbox with letters and articles. He lurked on the sidewalk outside her apartment. He called daily and left nagging voicemails. He befriended her mother, and made himself comfortable in her family's home. He wouldn't go away. While his attraction was not overtly sexual, it was undeniably inappropriate, and most importantly--unwanted. In *Consent: A Memoir of Unwanted Attention*, Donna Freitas delivers a forensic examination of the years she spent stalked by her professor, and uses her nightmarish experience to examine the ways in which we stigmatize, debate, and attempt to understand consent today.

Notes Without a Text and Other Writings - Roberto Bazlen 2019-05

An advisor to Italian publishing houses, a translator of Freud and Jung, a friend of Montale and Calvino, Roberto Bazlen was nothing if not a literary man, but kept his writings to himself. Here, translated into English for the first time, the reader will discover Bazlen's private oeuvre: an unfinished novel, *The Sea Captain*, which bears comparison with the fiction of Kafka and Beckett; a selection of entries from his notebooks dealing with topics as various as whether or not there is an "animal Jahweh" and the aesthetic limitations of the cinema; a trio of essays on his native city of Trieste; and a sampling of his editorial letters.

Notes Without a Text is an introduction to the work of one of the unknown masters of twentieth-century European literature.

The Book of Disquiet - Fernando Pessoa 2010-12-09

Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature.

Prefaces to the Diaphora - Peter Carravetta 1991

The central concern of these eight studies and essays is the understanding and critique of culture at the shifty boundaries between the Modern and the Postmodern epochs. The author contends that what needs to be addressed is the very abyss, the "spacetime" between the Modern and the Postmodern worldviews, as well as the tension between aesthetics and ethics, critical discourse and the creative arts, in an effort to rethink multireferential processes of signification. The keystone of the book is Carravetta's notion of Diaphoristics, a theory of interpretation as dialogue. Diaphora, or difference, refers to the ancient quarrel between poetry and philosophy and signifies the movement between asymmetrical or heterogeneous forms of discourse that have, both historically and speculatively, borne the transfer of meaning from one semantic/hermeneutic field to another. The author focuses on the necessary risk and duplicity of criticism and develops nonagonistic models based on figuration and rhetorical dynamics. In two other chapters, the author steps back to reassess, in terms of the diaphora, the diverging notions of Postmodernity by the continental philosophers Lyotard and Vattimo. The collection ends with an essay on the long-overdue conversation between Vico and Heidegger.

Voicing the Word - Marina Spunta 2004

Drawing on the recent renewal of interest in the debate on orality and

literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction, providing a fresh perspective on this rich and fast-developing debate and on the study of the Italian literary language. The book brings together a number of complementary approaches to orality from the fields of linguistics, literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades - ranging from internationally acclaimed writers such as Celati, Duranti and Tabucchi, through De Luca and Baricco, to the latest generation of writers, such as Campo, Ballestra and Nove. By exploring the complementary facets of Italian orality, and its diachronical developments since the seventies, this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible, cross-modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations.

Posthumous People - Massimo Cacciari 1996

The Gospel of Thomas - Jean-Yves Leloup 2005-02-16

A new translation and analysis of the gospel that records the actual words of Jesus • Explores the gnostic significance of Jesus's teachings recorded in this gospel • Explains the true nature of the new man whose coming Jesus envisioned • Translated and interpreted by the author of the bestselling *The Gospel of Mary Magdalene* and *The Gospel of Philip* One of the cache of codices and manuscripts discovered in Nag Hammadi, the Gospel of Thomas, unlike the canonical gospels, does not contain a narrative recording Christ's life and prophecies. Instead it is a collection of his teachings--what he actually said. These 114 logia, or sayings, were collected by Judas Didymus Thomas, whom some claim to be Jesus's closest disciple. No sooner was this gospel uncovered from the sands of Upper Egypt than scholars and theologians began to bury it

anew in a host of conflicting interpretations and polemics. While some say it is a hodgepodge from the canonical gospels, for others it is the source text from which all the gospel writers drew their material and inspiration. In this new translation of the Gospel of Thomas, Jean-Yves Leloup shows that the Jesus recorded by the "infinitely skeptical and infinitely believing" Thomas has much in common with gnostics of non-dualistic schools. Like them, Jesus preaches the coming of a new man, the genesis of the man of knowledge. In this gospel, Jesus describes a journey from limited to unlimited consciousness. The Jesus of Thomas invites us to drink deeply from the well of knowledge that lies within, not so that we may become good Christians but so we may attain the self-knowledge that will make each of us, too, a Christ.

His quest brings him into contact with some of the century's greatest mathematicians, including the Indian prodigy Ramanujan and the young Alan Turing. But his struggle is lonely and single-minded, and by the end it has apparently destroyed his life. Until that is a final encounter with his nephew opens up to Petros, once more, the deep mysterious beauty of mathematics. *Uncle Petros and Goldbach's Conjecture* is an inspiring novel of intellectual adventure, proud genius, the exhilaration of pure mathematics - and the rivalry and antagonism which torment those who pursue impossible goals.
