This Body That Inhabits Me - Rossana Rossanda 2022-01-15

A collection of essays on the mysteries of the body from one of Italy's leading postwar communist intellectuals. Politician, translator, and journalist Rossana Rossanda was the most important female left-wing intellectual in post-war Italy. Central to the Italian Communist Party's cultural wing during the 1950s and '60s, she left an indelible mark on the life of the mind. The essays in this volume, however, bring together Rossanda's reflections on the body--how it ages, how it is gendered, what it means to examine one's own body. The product of a decades-long dialogue with the Italian women's movement (above all with Lea Melandri, a vital feminist writer who provides an afterword to the current volume), these essays represent an honest and raw meeting between communist and feminist thought. Ranging from reflections on her own hands through to Chinese cinema, from figures such as the Russian cross-dressing soldier Nadezhda Durova to the Jacobin revolutionary Theroigne de Mericourt, here we see Rossanda's fierce intellect and extraordinary breadth of knowledge applied to the body as a central question of human experience.

[Piramidi energetiche cambiano il mondo](#) - Detlev Harald Alke 2004

Conclusione finale 1. Alke GmbH per Arte & Magia Spirituale (dal 1998) e l'Istituto Kyborg (dal 1985) sono stati fondati per indagare le fondamenta ed origini spirituali della nostra vita, da dove veniamo e dove ci porterà la nostra evoluzione. Il nostro obiettivo è la massima evoluzione dell'essere umano. Noi vogliamo indicare e mettere a disposizione mezzi e modi che servano a tale scopo. Il vero successo trova ha origine nei nostri cuori! 2. I metodi sviluppati da D.Harald Alke, biotecnico e maestro del Kundalini Yoga (tecniche di respirazione, di concentrazione, Training Energetico) hanno lo scopo di aiutarci a concentrarci sugli aspetti fondamentali della vita, di scoprire ed utilizzare in modo cosciente le nostre proprie forze. Questo è

possibile soltanto se veramente credete in voi stessi e nelle forze dentro di voi! Soltanto se siete disposti a liberarvi da vecchie paure e preconcetti potrete attingere le vostre riserve energetiche dentro di voi. Tutti noi siamo esseri divini. Ciò che ci crea problemi e ci fa ammalare sono i legami con i difficili compiti del mondo materiale. Soltanto chi è disposto a fare certi esercizi in modo regolare e con costanza può giungere ad una nuova visione della vita e può quindi guarire e riscoprire e sviluppare una vera ed autentica gioia di vivere. 3. I miei programmi e le mie attività sono una sincera ed onesta guida perchè le persone possano imparare ad aiutare se stesse ed essere autonome. Non sono mezzi di guarigione miracolosi che basta prendere una volta sola per avere un effetto qualsiasi su di voi! Chi è già gravemente ammalato e necessita costantemente di medicinali deve affidarsi alle cure dei dottori. Chi vuole liberarsi dall'essere influenzati dai dottori deve cercarsi un medico o medico naturalista che lo assista in questo suo obiettivo e lo aiuti a guarire con le proprie forze, fino giungere al momento in cui i medicinali possono essere sospesi oppure evitati del tutto. Quindi, vi ripeto, quanto da me descritto non sono mezzi di guarigione miracolosi! 4. Le piramidi energetiche sono il risulatato di un cammino di vita alla ricerca delle forze divine.

Indipendentemente dalla religione a cui appartenete, la domanda che qui vi viene posta é se siete disposti ad imparare ad attivare le vostre riserve energetiche interiori. Con le piramidi energetiche possiamo crearci dei piccoli spazi sacri, simili a piccoli templi o ad una silenziosa cappella. Quando la sera arrivate a casa e vi sedete vicini alla vostra piramide energetica per meditare, entro breve avvertirete una percezione interiore, che nasce dal centro del vostro essere. I Yoghi dicono che è la forza del 4°chakra, il centro energetico al quale appartengono il plesso solare, il cuore e la ghiandola del timo. Quando sentirete questo, riscoprirete una nuova fiducia ancestrale che cambierà tutta la vostra vita. 5. Nella trasmissione televisiva del 20.4.99 durante il colloquio ed intervista Jürgen Fliege ha giustamente compreso che le piramidi energetiche ci donano parte di di una dimensione più alta, un parte di Dio. Naturalmente Jürgen Fliege ha ragione: grazie alle piramidi energetiche è veramente possibile stabilire un contatto con le forze cosmiche divine! Dal momento che riuscirete a realizzare ciò, non sarete mai più soli. Da quel momento in poi avvertirete la forza della onnipotente verità e forse sarete anche in grado di vederla! La luce della conoscenza arderà e crescerà in voi e sarete in grado di adempiere ai vostri compiti in piena coscienza, trovando la forza interiore per avere successo nella vostra vita! 6. La mia guida spirituale, il Dio egiziano Horus, mi ricorda sempre che: "E' vostro pieno diritto vivere felicemente qui sulla terra, vivere nel benessere ed in pace. Fate in modo che la vostra vita sia bella e vi dia gioia. Abbiate fede nella forza che deriva dal centro del vostro essere!" Dura disciplina ed un addestramento di 14 anni sotto la guida di mae [The Art of Human Balance](#) - Ezio Giunchiglia 2012-06-27

Let us make clear that our role is not to bring a radical change to the way human beings live on this planet - the thought itself is absurd. Our vision is simply to give out a message of hope, one that the most intelligent

minds may cherish. These four tomes mean to help and inspire development, for a fairer, more democratic society. Arguably, the most interesting topic for the average person is reported in Tome III, "ENLIGHTENED DEMOCRACY," which explains how an optimal administration and the public good can be brought together. But this alone is not enough to promote change - one must also assimilate the contents of the other three tomes. In other words, a radical awakening of Society is only possible if we truly work on transforming our own way of being, on nourishing our embryonic souls. We all possess from birth a historical DNA coming from afar: a memory, similar to that of a computer. If we don't root out this historical memory, with strength and courage, changing our way of living and being remains impossible. This awakening process must begin at once, as it will require a few centuries to be completed - and we present living beings will never be able to see its practical achievement. Two things must begin at once. Firstly must be brought down all frontiers, and with them the concept of Nations and their sovereignty. This new Homeland will be called "PLANET EARTH." Secondly, we must begin, in every school on the globe, to teach children a universal language, that will go beyond the basic idioms of their own territorial ethnicities. To help make this happen, and happen quickly, expanding the English language could suffice - as it is the most commonly known, and thus already practised by the majority of people. We living beings must not forget that we are a single miniature world, and that the laws that govern us also dominate everything around us. Everything moves in this infinite Universe, and this movement represents the energy of life, not only biological but also spiritual - the concentration and development of forces to us still indefinite and unknown, and perpetually evolving. There are moments in life in which we feel all our certainties faltering and our own lights fading, although we avoid passions and affections that animate our miserable lives... We understand then our terrible problem. Who am I? It becomes obvious that everything about our everyday lives draws us away from higher values. Everything is meant to distract us, or at least give us the appearance of a perspective, a reason to continue living. The truth is, daily errands intoxicate our senses; faith and philosophy seem to have been created to conceal to themselves the true essence of human beings, to subtract us from our fundamental solitude and elude the issue of I. We have to try to see the unconscious as conscious; we need to be able to see this as fact. We must never forget the fundamental value of what is intangible, subtle and spiritual, which exists in every living being.

Supernotes - Agent Kasper 2016-01-12

In the Cambodian hinterlands, a lone Western prisoner suffers through a hot, muddy, interminable sentence. Wasted by repeated torture, lack of sleep, malnutrition, and psychotropic drugs, he has been abandoned. His years of exemplary service to his government mean nothing. No one is coming for him. This is Agent Kasper, a man with a staggering résumé: commercial airline pilot, firearms expert, highly accomplished practitioner of several of the martial arts, a secret agent par excellence. It is this incredible competence that will be his undoing. While investigating Mafia money laundering in Phnom Penh, Kasper is approached by the CIA to track down the source of the so-called supernotes—illegal U.S. banknotes counterfeited so perfectly that they are undetectable, even by sophisticated machines—that are flooding Southeast Asia. With patience, skill, and courage, Kasper uncovers the explosive secret behind them and is badly burned by the truth. Meanwhile, back in Rome, a sharp, scrappy lawyer named Barbara Belli has been hired by Kasper's family to work for his release. She has contacts in the foreign ministry, and while officials make sweeping claims about moving heaven and earth, nothing happens. It's more than just creaking bureaucracy. Kasper has really pissed off the wrong people. Based on true events in the life of a former spy, Kasper's journey makes for a shocking and spellbinding page-turner of petty corruption, high-level betrayal, and state secrets so powerful that governments will protect them by any means.

Broom Broom - Brecken Hancock 2014-03-10

Nothing slips by Brecken Hancock's deft ear as she seductively plumbs the depths of the evolution of bathing, doppelgangers, the Kraken, and the minutiae of family with all its tragic misgivings. The poems in *Broom Broom* pervert the rational, safe parts of the world to extoll and absorb the sweep of human history. What I mean to say is, the evidence is always there. From where we stand, we confuse lampposts for ghosts. Brecken Hancock's poetry, essays, interviews, and reviews have appeared in several journals, including *Event* and *Fiddlehead*. She is reviews editor for *Arc Poetry Magazine*.

Oh What a Paradise It Seems - John Cheever 2010-07-26

John Cheever's last novel is a fable set in a village so idyllic it has no fast-food outlet and having as its protagonist an old man, Lemuel Sears, who still has it in him to fall wildly in love with strangers of both sexes. But Sears's paradise is threatened; the pond he loves is being fouled by unscrupulous polluters. In Cheever's accomplished hands the battle between an elderly romantic and the monstrous aspects of late-twentieth-century civilization becomes something ribald, poignant, and ineffably joyful.

Human Race Get Off Your Knees - David Icke 2010

In a book that marks the author's 20th year of uncovering suppressed information, he takes the manipulation of the human race and the nature of reality to new levels of understanding and calls for humanity to rise from its knees and take back the world from the sinister network of families and non-human entities that covertly control us from cradle to grave. Sirius - Jay B. Holberg 2007-02-22

This book tells two stories. The first and most obvious is why the star known as Sirius has been regarded as an important fixture of the night sky by many civilizations and cultures since the beginnings of history. A second, but related, narrative is the prominent part that Sirius has played in how we came to achieve our current scientific understanding of the nature and fate of the stars. This is the first book to integrate the cultural history of Sirius with modern astrophysics in a way which provides a realistic view of how science progresses over time.

Flying Serpents and Dragons - R. A. Boulay 1999-07

A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India and China. Who were these reptilian creatures? What was the real reason for man's creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nefilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didn't Adam and Eve wear clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery, flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all.

Inside the Gestapo - Hansjürgen Koehler 2008-06

The fascinating first-hand account by a top defector of the ruthlessness, spy intrigues and curious personalities of the Third Reich. A unique and intimate record, full of surprises, sardonic wit and tragic endings. "Gestapo tactics": Espionage, intrigue, and subversion. Cunning, cynical, and ruthless in exploiting every human weakness - and murdering anyone who got in the way. Koehler was a special agent working for the top Nazi cop Heydrich, head of the Gestapo, the Secret State Police. He earns his spurs as spying in France, disguised as a Trotskyist refugee, laying the groundwork for Germany to annex these provinces, and matching wits with French and Communist intelligence services. A keen observer and skilful narrator, Koehler reveals how the Gestapo secretly financed and supported the Rumanian Iron Guard and the Spanish Fascists. Then he is sent undercover to a concentration camp to finger a fugitive. What he sees there, and the flogging that puts him in hospital, sows the seeds of his plan to escape. His next mission is to recover "The Fatal File" -- documents showing that Hitler's grandmother became pregnant while working as a maid in the Rothschild mansion in Vienna -- the Austrian chancellor's secret blackmail weapon to hold Nazi Germany at bay. Heydrich advises Koehler to employ a beautiful Countess to inveigle the file -- Austria is disarmed -- and the Wehrmacht marches into Austria. Koehler is then promoted to the detail guarding Hitler's residence in the Alps, and gets his chance to escape to Switzerland, where he writes "Inside the Gestapo". In 1943 the OSS commissioned a psychological profile of Hitler by Walter Langer, who drew on the revelations in this book. In 1972 Langer followed up with *The Mind of Adolf Hitler: The Secret Wartime Report*, which became a mass-market bestseller.

House Most High - A. R. George 1993

Originally begun in collaboration with Professor W. L. Moran, this work collects all of the extant cuneiform tablets inscribed with lists of temples. The temple lists are classified in terms of their organization, whether associated with lexical lists, organized theologically, topographically, or hierarchically--presenting deities and temples according to their relative rank. The main part of the book is an up-to-date gazetteer of the ceremonial names of ancient Mesopotamian temples. This gazetteer replaces similar (though less complete) listings from earlier in the century and provides (where known) location, divine owner, and other relevant information for each temple listed. By including not only names from temple lists, but also from other literary genres, Professor George has provided a standard reference guide that Assyriologists and others with interest in Mesopotamian religion will consult with regularity for years to come. Indexes to the gazetteer of divine, personal, and royal names, and of cuneiform tablets enhance the reference value of this

unique tool. The sixteen plates include some material not previously published.

The Diary of an Alchemist - Dr. Douglas M. Baker 2014-04-15

The Diary of an Alchemist: In its attempt to demonstrate the applicability of the fundamental principles of Mysticism to the things of the physical realm Alchemy apparently failed and ended its days in fraud. It appears, however, that this true aim of alchemistic art - particularly the demonstration of the validity of the theory that all the various forms of matter are produced by an evolutionary process from some one primal element or quintessence -- is being realised by recent research in the domain of physics and chemical science. The object of the alchemist's search was to satisfy their material needs, their intellectual capacities, and their spiritual yearning. Alchemists of the nobler sort always made the first of these objects subsidiary to the other two". There is a distinct difference between what may be called esoteric and exoteric alchemy. The latter has an outer and more direct approach in which transmutation is attempted through the employment of purely physical forces. This has been the main attraction for the quacks and the curious, and has succeeded in concealing (mercifully) the esoteric approach to alchemy. The true alchemist is someone capable of radiating his essence, thus affecting the centermost being of those about him. This work, biographical in nature, reveals the author's own struggle in working the basic theme of alchemy, which is the acceptance and expression of Cosmic Fire in the service of humanity. This is the path of a fire-god his birth, initiation into and baptism by Fire. The alchemists saw the likeness of it in so many chemical reactions in their laboratories that they were struck by certain parallels. After all, they were witnessing the birth of modern chemistry with all its inorganic phenomena of amalgams, silver, gold and mercurial platings, without any of the rationale which a chemist possesses today. This thoroughly researched volume contains many excerpts from the author's diary, images, lists and drawings.

Vimanas and the wars of the gods - Enrico Baccharini 2016-08-03

An astonishing book that will lead to rewrite the history of mankind. An unexplored world, a journey beyond the boundaries of human history. From over five thousand years India and Pakistan seem to guard jealously a forgotten past, a secret locked inside of the oldest traditions that human history knows. The journey starts from an highly evolved civilization but fall into oblivion, a culture that left to posterity a huge amount of texts transmitted orally and later merged into Hinduism. Traditions that speak of lost civilizations, wars fought between men and gods with highly advanced technologies and machines capable of flying in the air and in space called Vimana. Following the tracks and studies conducted in the '70s by David William Davenport, has set new light on the events that led to the destruction of the city of Mohenjo Daro (Pakistan) and the disappearance of the Harappan civilization tying their story to submerged ruins discovered in the Indian Ocean and dated back to 10,000 years ago.

Secrets of the UFO - Don Elkins 1977

A summary of the twenty five years of philosophical study that preceded the Ra contact. This study began with investigation into the metaphysical aspects of the UFO phenomenon. The progression from physical sightings to metaphysical implications is carefully traced in SECRETS OF THE UFO and serves as an introduction to the LAW OF ONE series. From the book: "The information in this book is either nonsense or it is the most centrally important thing that you could possibly learn. It is allegedly the answer to the strange riddle of the UFO's. The information contained herein is not speculation or theory, but a condensation and edited arrangement of received communications from the UFOs. The obvious weakness of this contactee information is that evidential proof of its validity is not obtainable. Its strength lies in its sheer bulk and in the similarity of messages produced by sources widely scattered around the world. The last 25 years have produced millions of words of these communications allegedly originating within the UFOs. "Approximately 15 million people in the U.S. have reported seeing UFOs, more than 2000 contact cases have been reported, and about 700 landings have left trace evidence. There is no longer any real doubt that UFOs exist. The question is: Who are they? And why are they here? It is quite possible that understanding them is the most important endeavor which we can undertake. "A ufologist is a detective who is exploring the single largest mystery of our time. As he wends his way through the elaborate maze of red herrings, misinformation, cover-ups, fanatics, skeptics, true believers and nonbelievers, he may well find that his most valuable ally in his search is a good sense of humor. "Or, as Groucho Marx said, 'Either he's dead or my watch has stopped '" -- Don Elkins and Carla L. Rueckert, 1976
