**Breathwalk** - Gurucharan Singh Khalsa, Ph.D.  
2008-12-10

Breathing and walking comprise two of our simplest activities, yet they are also two of our most powerful actions. By bringing them together in a systematic and meditative way, we can enhance our physical, emotional, and spiritual fitness. We can tap our vitality to fully enjoy and excel in our lives. With a series of easy to follow, transformational exercises that combine breathing and walking in very specific ways for specific benefits, Breathwalk teaches us:

- how to alleviate exhaustion, anxiety, sadness, and other problems
- to heal physical, mental, and spiritual conflict in our lives
- to enter a zone of total fitness within our own bodies and minds

In this simple program that anyone can follow, two of the world's leading experts in meditation and kundalini yoga reveal the power and flexibility of this technique for the first time. Centuries old traditions come together with modern scientific research in an effective and enjoyable holistic way to exercise. This practical, insightful guide is a breath of fresh air that can change your life for the better every time you take a step.

*Inner Engineering* - Sadhguru 2016-09-20  
NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. "A loving invitation to live our best lives and a profound reassurance of why and how we can."—Sir Ken Robinson, author of *The Element, Finding Your Element, and Out of Our Minds: Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-

transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

[Insights into The Bhagavad Gita](#) - Vimala Thakar 2005-01-01

Vimala Thakar gave a series of inspiring talks on the Bhagavad Gita in three separate seminars, during 1992 and 1993 in Italy. To her, Bhagavad Gita is sacred because it deals with the organic wholeness of life and the inbuilt complexity of life and affirms the interplay between the microcosm and macrocosm. Moreover, persuades us to remain united with the ultimate reality, not only to intellectual understanding but through everything that we do, at every moment.

[Sadhana Guidelines](#) - Gurucharan Singh Khalsa 2007-12

Sadhana brings us into an intimate alignment with the reality of who we are: as a creature of the Creator and as a human being. First published in 1974, Kundalini Yoga Sadhana Guidelines has become the best-selling Kundalini Yoga manual of all time. Within these pages, you'll find the inspiration to keep returning breath-by-breath to your Self and to your practice. Sadhana is everything we do on a daily basis as our self-discipline and our commitment to our higher self. It is a spiritual practice in which we confront the tendencies of our mind and ego and, out of love, we invite in the dimensions of our soul, spirit, and intuition. In its essence, it is a process of refinement, development, and mastery. As we learned from eastern traditions, a sadhu is a being who has disciplined himself. Likewise, the definition of a yogi is a person who has totally leaned on the supreme consciousness, which is God. The purpose of sadhana is to arrive at the place where we go beyond our ego and its limitations. Morning sadhana—done before the sunrise—is a special time when we sit before the altar of our own consciousness and have the opportunity to clean up our inner world before we engage in

the outer world-our jobs, our families, our responsibilities. This manual exists to serve you and to help you uplift yourself and others. It is designed for both the new and the experienced student. It focuses on the essential practice of Kundalini Yoga. A material that offers lectures, essays, insights, and a series of exercises that one can experience and improve one's own personal practice.

**Lord Siva and His Worship** - Swami Sivananda 1992

The Universal Doctrine - The Layman  
2016-03-01

"The Universal Doctrine" is about a life-changing event the author experienced at the age of twenty-three. From that profound experience came unadulterated "truths," which "The Layman" wishes to share the spiritual knowledge with which he was both blessed and cursed. He views himself as simply a messenger. The birthplace of this knowledge lies within each one of us, and his book shares with the reader how to access this information. He Wishes all those interested a fulfilling journey on this path of knowledge.

The Mind - Yogi Bhajan 1998

A fascinating look into our human nature through the eyes of Yogi Bhajan, Master of Kundalini Yoga. It details the interplay of the positive, negative, and neutral parts of our mind with our nine aspects and twenty-seven projections. Yogi Bhajan's lectures provide a practical approach to the Science of Humanology, and encourage you to meditate to enlist your mind as your friend and servant rather than your master. The meditations apply to the various aspects we embody, such as Defender, Manager, Artist, Producer, Strategist, Teacher. You can select from 42 meditations, including: Creating Art by Projecting into the Future; Pursuing the Cycle of Success; Deep Memory of a Past Projection; Interpretations of All Facets of Life; Pursuing the Cycle of Artistic Attributes; and Creating Art by Environmental Effects.

**Let the Numbers Guide You** - Shiv Charan Singh 2020-05-11

Numerology is perhaps the oldest of the divination arts and at the heart of many religious systems - Hebrew, Chaldean, Indian, Chinese

and others. This title provides the real spiritual base for the use of numbers, illustrating why they have their own integrity. It explains why they relate to particular psychological states and shows how they can be used for diagnosing life's problems and providing solutions. It shows how numbers are a mirror of our very essence, explaining the relevance of time cycles and dates of birth. It also highlights the universal message of the ten Sikh gurus and shows how you can become a Ten-in-One Being. As an offering of the formula behind all formulas, it offers no quick fixes, but presents numerology as a multi-faceted jewel that you can refer to again and again in your life. Not limited to any one numerology system, it reveals the ground of them all. Describing the essence of numbers it goes beyond the usual fortune telling or application of a particular system to put the soul back into numerology. It covers dates of birth, time calendars and spiritual bodies, telling you more about yourself in a friendly way than you imagine there is to know.

**Light on Prāṇāyāma** - B. K. S. Iyengar 1992

*The 21 Stages of Meditation* - Gurucharan Singh Khalsa 2012

The 21 Stages of Meditation clarifies the process and outlines the steps toward your own progress in meditation. Defined by Yogi Bhajan and elucidated by Gurucharan Singh, "The 21 Stages of Meditation" is a key work in deepening your understanding and experience of meditation. Ranging from Upset and Boredom to Humility, Graceful Enlightenment and the Sage, explore these stages and the three distinct meditative journeys, which culminate in the pinnacle of contemplative awareness, the Stage 21st, also described as The Infinite Pulse. This is an essential book for those interested in deepening their process of meditation and their experience with Jappa Yoga. The teachings presented in this book have been developed with love and care and genuine reverence. Yogi Bhajan said, "Now we are entering the Age of Aquarius and we have to have the science of mind totally brought into a geometry so that you can understand this is depression, this is expression; this is what you

are doing and this is what you have to do. So for that reason, we are trying to create all this work for you." Every living thing has its own time to grow from a seed to its innate maturity. May it provide a foundation for elevation and enlightenment to all who love meditation.

**Trauma-Sensitive Yoga in Therapy: Bringing the Body into Treatment** - David Emerson  
2015-02-16

This practical guide presents the cutting-edge work of the Trauma Center's yoga therapy program, teaching all therapists how to incorporate it into their practices. When treating a client who has suffered from interpersonal trauma—whether chronic childhood abuse or domestic violence, for example—talk therapy isn't always the most effective course. For these individuals, the trauma and its effects are so entrenched, so complex, that reducing their experience to a set of symptoms or suggesting a change in cognitive frame or behavioral pattern ignores a very basic but critical player: the body. In cases of complex trauma, mental health professionals largely agree that the body itself contains and manifests much of the suffering—self hatred, shame, and fear. Take, for example, a woman who experienced years of childhood sexual abuse and, though very successful in her professional life, has periods of not being able to feel her limbs, sensing an overall disconnection from her very physical being. Reorienting clients to their bodies and building their "body sense" can be the very key to unlocking their pain and building a path toward healing. Based on research studies conducted at the renowned Trauma Center in Brookline, Massachusetts, this book presents the successful intervention known as Trauma-Sensitive Yoga (TSY), an evidence-based program for traumatized clients that helps them to reconnect to their bodies in a safe, deliberate way. Synthesized here and presented in a concise, reader-friendly format, all clinicians, regardless of their background or familiarity with yoga, can understand and use these simple techniques as a way to help their clients achieve deeper, more lasting recovery. Unlike traditional, mat-based yoga, TSY can be practiced without one, in a therapist's chair or on a couch. Emphasis is always placed on the internal experience of the client him- or herself,

not on achieving the proper form or pleasing the therapist. As Emerson carefully explains, the therapist guides the client to become accustomed to feeling something in the body—feet on the ground or a muscle contracting—in the present moment, choosing what to do about it in real time, and taking effective action. In this way, everything about the practice is optional, safe, and gentle, geared to helping clients to befriend their bodies. With over 30 photographs depicting the suggested yoga forms and a final chapter that presents a portfolio of step-by-step yoga practices to use with your clients, this practical book makes yoga therapy for trauma survivors accessible to all clinicians. As an adjunct to your current treatment approach or a much-needed tool to break through to your traumatized clients, Trauma-Sensitive Yoga in Therapy will empower you and your clients on the path to healing.

**Yoga** - Rodney Yee 2002-01-14

*Wheels of Life* - Anodea Judith 2012-12-08

As portals between the physical and spiritual planes, the chakras offer unparalleled opportunities for growth, healing, and transformation. Anodea Judith's classic introduction to the chakra system, which has sold over 200,000 copies, has been completely updated and expanded. It includes revised chapters on relationships, evolution, and healing, and a new section on raising children with healthy chakras. *Wheels of Life* takes you on a powerful journey through progressively transcendent levels of consciousness. View this ancient metaphysical system through the light of new metaphors, ranging from quantum physics to child development. Learn how to explore and balance your own chakras using poetic meditations and simple yoga movements—along with gaining spiritual wisdom, you'll experience better health, more energy, enhanced creativity, and the ability to manifest your dreams. Praise: "Wheels of Life is the most significant and influential book on the chakras ever written."—John Friend, founder of Anusara Yoga  
*Invincible Living* - Guru Jagat 2017-01-10

From acclaimed yoga teacher Guru Jagat comes a wildly cool, practical, and beautifully illustrated guide to applying the simple and super-effective technology of Kundalini Yoga and Meditation to everyday life, upgrading your "operating system" inside and out. With *Invincible Living*, Guru Jagat shares a radical way of understanding yoga—not just as something to do in practice, but as a broader principle for living. Candid, encouraging, and irreverent, Guru Jagat shows how Kundalini Yoga—which forgoes complex poses for energy-boosting, breath-driven exercises, quick meditations, and simple poses most of which you can do at your desk—can reset your life and well-being, regardless of your age or background. Designed explicitly for everyday people, not ashram-going or gym-bodied yogis, fast, effective Kundalini techniques can be done anywhere, from the car to the conference room. There's no need to have a bendy back or toned arms. You don't even need a mat: just a quiet space to clear your head, and as little as a minute out of your day. From beauty and self-care to work and relationships, *Invincible Living* tackles both the mind—from mood elevation and stress reduction to renewed mental clarity—and the body—from anti-aging, and increased metabolism to amped up energy. Packed with tips, exercises, and step-by-step instructions and fully photographed and illustrated in Guru Jagat's fresh, handmade-meets-hipster style, *Invincible Living* is fresh take on ancient wisdom: a must-have guide for anyone who wants simple, effective, tools for a supercharged life as taught by a uniquely compelling teacher who upends all preconceptions about yoga. *Invincible Living* includes 100 color photographs and illustrations.

*Catholic Ashrams* - Sita Ram Goel 1994

*Kundalini Yoga* - Shakti Parwah Kaur Khalsa  
1998-08-01

The practice of Kundalini yoga aims to unlock and awaken the radiant transformative energy that exists within every person. This book is the perfect introduction to the fundamentals of a Kundalini practice. Taught for thousands of years and brought to the West by Yogi Bhajan, Kundalini is a powerful mind-body style of yoga. When practiced regularly, Kundalini yoga can

strengthen the nervous system, balance the glandular system, and harness the energy of the mind, emotions, and body, and is surprisingly simple to learn. While general yoga technique focuses on exercise postures and breathing, Kundalini takes the process a step further by integrating yoga into everyday life activities. This definitive guide, fully illustrated with photographs, is an accessible introduction to the ancient practice of Kundalini yoga, with information on poses and positions, diet and lifestyle, breathing and stretching techniques, chanting and meditation exercises, and general guidelines that can help anyone—beginner or advanced—gain the greatest benefit from the practice of yoga.

*Babaji's Kriya Yoga* - Jan Suzanne Ahlund  
2009-01-01

Action with awareness is both the vehicle and the destination in all phases of Babaji's Kriya Yoga. Through it we become aware of That which is aware; which is the one constant underlying all of our thoughts and experiences. Babaji's Kriya Yoga is a means of self-knowledge, of knowing our selves and the truth of our being. It brings action with awareness and a devotional spirit into our practice of asanas, pranayama, meditation, mantras and also into all our thoughts, words, dreams and desires and actions. This sadhana has enormous potential to make us more conscious human beings. It requires the willingness of the body, mind, heart and will, to align with the soul in aspiration of purification and perfection. This book provides detailed instructions, diagrams and photographs in the practice of a particular set of 18 Yoga asanas or postures, known as Babaji's Kriya Hatha Yoga. The essays and instructions herein enable the practitioner to go beyond the development and health of the physical body, and to transform the practice of yoga asana into a spiritual practice, inducing a higher state of consciousness. Unlike earlier publications related to Hatha Yoga, this volume will show you how to transform your Hatha Yoga practice into a means for Self-Realization. It introduces students to the Five-fold Path of Babaji's Kriya Yoga. This book is dedicated to Yoga students new to Kriya Yoga and also to Initiated students looking to deepen their own practice.

**Sexuality and Spirituality** - Guru Rattana

2018-08-20

Sexuality and Spirituality offers both men and women the prospect of great sex with deep intimacy, contentment, satisfaction, and divine connection. This amazing manual reveals previously secret Kundalini Yoga sets and meditations from which you can find the means to achieve your greatest joy and fulfillment. Our sexual energy impacts all aspects of our life: How we relate to our sexuality is a determining factor in how we relate not only to our partners, but also to our family, friends, children, and all those with whom we interact. We are all sexual beings, so this book is for everyone - regardless of age, gender, gender identity, sexual orientation, spiritual path, or level of sexual activity. This updated and expanded 2nd Edition offers new material about Tantra, man's and woman's sexuality, how to practice the locks for sexual pleasure, polarity balance for men and women, and opening the heart to sacred love. It also retains the much loved Kundalini Yoga sets and meditations from the original 1989 edition, in what remains the only published source of much of this amazing material from the early classes of Yogi Bhajan. We miss a lot when sex is reduced to building up stressful desire and releasing it. Spiritualizing our attitude toward our sexuality delivers us to the universal creative dimensions of existence. How we create in life is a function of how we are able to sustain and interact with the unfolding of our life, relax into our own rhythm, and find satisfaction while moving through our daily activities. Learn how to open your heart - to yourself, to others and to all life. Love happens as you embrace all life's challenges, as well as its joys. Practicing the technology and absorbing the wisdom offered in this manual will change your life, by raising your frequency to the vibration of sacred love.

*Kriya Yoga* - Marshall Govindan 2008-04-01

My wife, Jan Durga Ahlund and I have recognised for many years the need for a book that would explain to both those interested in learning Kriya Yoga and those already embarked on its path, why they should practice it, what are the difficulties, and how to overcome them. We believe that this book will help prepare everyone for the challenges and opportunities that Kriya Yoga provides. Every one of us faces the resistance of our human nature, ignorance as to

our true identity, and karma, the consequences of years of conditioning by our thoughts, words and actions. By cultivating aspiration for the Divine, rejecting egoism and its manifestations, and surrendering to our higher Self, pure Witness consciousness, we can overcome this resistance, our karma and the many obstacles on the path. But, to do so, we need much support and insight along the way. -- Marshall Govindan and Jan Ahlund

*Sahaja Yoga* - Shri Mataji Nirmala Devi

2019-06-01

Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."

**The Aquarian Teacher** - Yogi Bhajan 2010

**The Crazy Wisdom of Ganesh Baba** - Eve

Baumohl Neuhaus 2010-04-26

The core teachings and riotous life of the psychedelic yogi Ganesh Baba • Presents the teachings of Ganesh Baba's "Crea" Yoga, which he derived from the tantric practices of traditional Kriya Yoga • Explains the basic exercises for following the Crea (creative) Yoga practice • Includes many anecdotes from the colorful life of this "psychedelic" baba Shri Mahant Swami Ganeshanand Saraswati Giri (ca. 1895-1987) was known to all who loved and studied with him simply as Ganesh Baba. At the age of four, he was brought back from death through an initiation by Lahiri Mahasaya and through this initiation descends from the same Kriya Yoga lineage as Paramahansa Yogananda. He became a swami under his guru Sivananda and later went on to run the Anandamayi Ma ashram. Drawn to the life of the Naga Babas, he became the head of the Ananda Akhara, Naga followers of Lord Shiva who consider cannabis

and other entheogens to be the gift of the gods. The unique set of principles and exercises Ganesh Baba developed from the tantric practices of traditional Kriya Yoga and Shivaism became the core of his personal teachings of Crea (for creative) Yoga. Ganesh Baba's message of systematic synthesis of the spiritual and secular was carefully developed for and embraced by contemporary students in the 1960s, especially those whose path included the use of entheogens. This book contains the core of Ganesh Baba's Crea Yoga teachings, from the beginning stages of conscious control of one's posture, breath, and attention to finally extending one's awareness to the farthest reaches of the cosmos. Eve Baumohl Neuhaus shows that the life of this scholar and crazy saint was as instructive as his teachings. She includes many personal reminiscences of this inspirational and challenging teacher from her own life and those of fellow students, which demonstrate that Ganesh Baba's extraordinary life was in keeping with his own role as the embodiment of Lord Ganesh, the remover of obstacles.

**Premka: White Bird in a Golden Cage: My Life with Yogi Bhajan** - Pamela Saharah Dyson 2020-01-08

Premka: White Bird in a Golden Cage is a compelling and beautifully unfolding tale, offering a haunting look into a teacher/student relationship. This intimate memoir, written by one of Yogi Bhajan's prized teachers and exalted students, is full of devotion, love, dedication, betrayal, loss and the healing unification of the self. It also reads as a love letter to a unique time in history—the '60s in Los Angeles and New Mexico, where love, music, art, spiritual exploration, often led to self-transformation. As a historical treatise and a spiritual mystery, this book offers unique insight into the origins of the Western Sikh movement and the proliferation of Yogi Bhajan's kundalini yoga.

**Original Light** - Snatam Kaur 2016-04-01

The Kundalini Yoga tradition speaks of a call to the Divine that awakens “The Original Light of the soul.” In gatherings across the globe, Snatam Kaur and her fellow musicians have shared that radiance through sacred chants. With Original Light, this beloved devotional singer guides us into the heart of the path, with the Aquarian Sādhanā as a foundation to understand the tradition's daily principals, morning practices, and sacred chanting experiences. Kundalini, the universal life force, has for centuries been shrouded in misconception and lore. Many of us have heard of it, yet to directly experience it may seem unimaginable. But in fact, Snatam Kaur assures us that, through Kundalini Yoga, the capacity to experience it is within all of us—a natural and limitless source of physical health, stillness, joy, energetic strength, and loving connection with others and all of creation. Original Light was written for those seeking a compassionate and supportive guide to creating a vibrant and sustainable daily spiritual practice. Here, Snatam shares with honesty and gentle humor her own stories, challenges, “aha” moments, and many practical pointers gained from her lifelong journey in what she calls “soul work.” Readers first explore the philosophy and foundational principles of Kundalini Yoga as taught by its founder Yogi Bhanan, and then learn the five morning practices of the Aquarian Sādhanā, including: The Wake-Up Routine—establishing a sacred space, bathing and purification, healthy diet and elimination guidelines, and more Jap Ji—from 15th-century sage and founder of the Sikh tradition, Gurū Nānak, this sacred recitation is both a map and a direct expression of our union with the Divine Kundalini Yoga Kriyas—nine energizing posture and movement sets for creating a somatic space for your spirit Aquarian Sādhanā Mantras—seven devotional chants as the sun rises to open the doors of liberation and experience bliss and ecstasy through sacred sound Gateway to Divinity—the closing transition stage that integrates your own spiritual tradition and helps you to focus your energies and set your intentions for the day ahead For those of all faiths, Original Light provides an ideal introduction and resource to improve our health, find greater freedom and stillness within, and illuminate each moment of

the day.

**Kundalini** - Ajit Mookerjee 1982

In the Western world interest in many forms of spiritual practice is widespread and growing. Tantra, the Indian cult of self-knowledge and liberated joy, is one of the best known. At the centre of its philosophy is the principle of awakening the vital energy (Kundalini) that lies latent in each of us in order to channel it into spiritual growth. Envisualized as a coiled serpent, the energy must be aroused through meditation. It then rises up through the energy centre (chakras) to unite with pure consciousness at the crown of the head.

Art of Super-Realization - Paramahansa Yogananda 1930

By the correct practice of Kriya fourteen times, Maha Mudra twice, and Yoti Mudra twice, twelve years of evolution of body, mind and soul will be gained in a few minutes. Mind can do everything. Through this practice, the time limitation in evolution is overcome, and the receptive power of the spine, brain and mind is increased, so that the Yogi knows, sees and feels all form within. Yoga is the super-method by which the evolution of body, mind and soul can be quickened. That is how the attainment of wisdom and realization, which usually takes a million years and numerous incarnations of natural evolution, is possible in one lifetime. By this exercise, the consciousness which is in the body, and which is identified with the senses, is transferred to the spine and the brain, and thus transmitted into Superconsciousness and Cosmic Consciousness. Kriya is an initiation into Cosmic Consciousness, or the transfer of consciousness from the body to the spirit. In order to do this, one must transfer consciousness from the senses to the spine. After practicing Kriya and resting for a short while, one is able to do inspired work in connection with literature, art of science . then intuition develops of itself, without effort, because one's consciousness is transferred from the senses to the spine and brain. Realization can come only by the development of one's intuition. Remember that through the practice of this lesson you will contact Christ, and the prophets of this world, and through them you will find your union with God the Infinite Spirit.

**Compulsiveness to Consciousness (eBook)** - Sadhguru 2013-03-09

"If your life becomes an expression of your joy, not in pursuit of happiness, then relationships will be naturally wonderful." - Sadhguru Human beings constantly make and break relationships. Unfortunately, relationships can make and break human beings too. Why are relationships such a circus for most of us? What is this primal urge within us that demands a bond - physical, mental, or emotional - with another? And how do we keep this bond from turning into bondage? These are the fundamental questions that Compulsiveness to Consciousness looks at as Sadhguru shares with us the keys to forming lasting and joyful relationships, whether they are with husband or wife, family and friends, at work, or with the very existence itself.

The Practice of Nada Yoga - Baird Hersey  
2013-12-17

Meditation exercises for listening to the four levels of sound, to still the body, quiet the mind, open the heart, and connect with the Divine • Details the teachings on nada yoga from the Hatha Yoga Pradipika with clear, step-by-step instructions to find and hear the inner sacred sound of nada • Explains the 4 levels of sound through a series of practical meditation exercises • Includes instructions for a daily nada yoga meditation practice as well as ways to strengthen your advanced practice The ancient practice of nada yoga is not complex. It is the yoga of listening. It is a journey from the noise of the external world inward to a place of peace and bliss, to the source of the transformational power of sound--the nada. By meditating on the inner sacred sound of the nada, we can release ourselves from mind chatter and obsessive thinking. We can still the body, quiet the mind, and open the heart to create a state of mind where joy naturally arises. Sharing his experiential understanding of the classic Hatha Yoga Pradipika, Baird Hersey offers precise, step-by-step instructions on how to find the inner sound of the nada. He explains the first three levels of sound--first, how to truly hear the ordinary sounds of the world around us (vaikhari); second, how to quiet the sounds of the mind (madhyama), such as sound memories and internal dialogue; and third, how to access visual sounds (pashyanti), tapping in to our

ability to see sounds and hear colors. Mastering the first three levels prepares one for the fourth level of sound (para), the heart of the practice that connects one to the inner sound of the nada. The author provides detailed exercises to guide you through each level of sound and instructions for a daily nada yoga meditation practice.

Hersey explains that by focusing our minds on this internal sound we reunite our essential self with the eternal and infinite. In this re-union we find bliss in both body and mind, an uplifted spirit, and heightened states of consciousness.
