The Dangers of Christian Practice - Lauren F. Winner 2018-01-01
Challenging the central place that "practices" have recently held in Christian theology, Lauren Winner explores the damages these practices have inflicted over the centuries. Sometimes, beloved and treasured Christian practices go horrifyingly wrong, extending violence rather than promoting its healing. In this bracing book, Lauren Winner provocatively challenges the assumption that the church possesses a set of immaculate practices that will definitionally train Christians in virtue and that can't be answerable to their histories. Is there, for instance, an account of prayer that has anything useful to say about a slave-owning woman's praying for her slaves' obedience? Is there a robustly theological account of the Eucharist that connects the Eucharist's goods to the sacrament's central role in medieval Christian murder of Jews? Arguing that practices are deformed in ways that are characteristic of and intrinsic to the practices themselves, Winner proposes that the register in which Christians might best think about the Eucharist, prayer, and baptism is that of "damaged gift." Christians go on with these practices because, though blighted by sin, they remain gifts from God.

Honest to God Preaching - Brent A. Strawn 2021-12-07

Old Testament scholar and interpreter Brent A. Strawn focuses on the importance of honesty in preaching, especially around three challenging Old Testament themes: sin, suffering, and violence. He makes the case that preaching honestly is critical in the church today. Without honesty regarding these topics, there is no way forward to reconciliation, health, and recovery. Further, it is imperative for today’s preachers to deal with the questions of faith arising from these themes in the biblical text itself. In addition to key scripture passages, he turns to several contemporary authors and works as dialogue partners on the three themes. Asserting that keeping secrets can lead to a kind of sickness, Strawn uses texts from the Pentateuch and the Psalms to model honesty about sin, without which there can be no reconciliation, and honesty about suffering, without which there can be no healing. He also looks at the book of Joshua and various psalms to model honesty about violence, which can serve as a way to contain, limit, and ultimately transcend violence. Strawn frames these themes specifically for working preachers, so they can create sermons that speak to these thorny themes with depth and clarity.
