worldwide support. From his acclaimed Every Single Word video series highlighting the lack of diversity in Hollywood to his web series Sitting in Bathrooms with Trans People, Marron has explored some of today's biggest social issues. Yet, according to some strangers on the internet, Marron is a "moron," a "beta male," and a "talentless hack." Rather than running from this online vitriol, Marron began a social experiment in which he invited his detractors to chat with him on the phone—and those conversations revealed surprising and fascinating insights. Now, Marron retraces his journey through a project that connects adversarial strangers in a time of unprecedented division. After years of production and dozens of phone calls, he shares what he's learned about having difficult conversations and how having them can help close the ever-growing distance between us. Charmingly candid and refreshingly hopeful, Conversations with People Who Hate Me will serve as both a

guide to anyone partaking in difficult conversations and a permission slip for those who dare to believe that connection is possible.
