Our impossible standards place an incredible burden of stress on the backs of women and girls of all ages, resulting in anxiety, eating disorders, and depression. One question we often forget to ask is this: What is God's design for womanhood? In *Girl Defined*, sisters and popular bloggers Kristen Clark and Bethany Beal offer women a countercultural view of beauty, femininity, and self-worth. Based firmly in God's design for their lives, this book helps women rethink what true success and beauty look like. It invites them on a liberating journey toward a radically better vision for femininity that ends with the discovery of the kind of hope, purpose, and fulfillment they've been yearning for. *Girl Defined* helps readers · discover God's design for femininity and his definition of a successful woman · uncover the secrets of lasting worth, purpose, and fulfillment · be equipped and empowered to live out a radically better vision for womanhood · gain personal insight through the chapter-by-chapter study guide

*A Story About Cancer With a Happy Ending* - India Desjardins 2019-01-29

When visiting a hospital in Montreal, Quebec, a few years ago, best-selling author India Desjardins met a 10-year-old girl with leukemia. The girl told her she that she was fed up. All the stories about children like her who had cancer had sad endings, so she didn't want to read them. She asked India to write a story about cancer with a happy ending instead, one with laughter and romance. India did, and the story became this book. I think about everything I'll miss if they tell me I'm going to die...my mom, my dad, my sister, cookies, TV shows I'll never get to see the end of, walking outside when it's really nice, the smell of autumn, the starry sky on a full moon, my grandparents, my grandpa's lasagna, kissing Victor, Victor's eyes, Victor's voice, Victor's smell, Victor's hands...Victor. A teenage girl heads towards the hospital waiting room where the doctors are going to tell her how much time she's got to live. As she walks, she thinks about her journey up to this point...the terrible decor in the hospital, wearing a headscarf, the horrible treatments, but also being with her friends, family, and her new boyfriend Victor. While this story has a happy ending, the girl offers an honest account of what it feels like to be a teenager with cancer. Like how she just wants everyone to treat her like a normal person and stop telling her how strong she is—especially her mom. And how, even though everyone is telling her to stay positive, she sometimes loses hope and even wants to die to make the pain go away. Dreamlike illustrations elegantly convey the emotional complexities. Like the girl in this story, the girl that India met at the hospital is now cured. She also fell in love during her illness. Today, around eight out of ten children who are diagnosed with cancer are cured. This story was written to give any child who has cancer hope.
