[Teaching Through Song in Antiquity](#) - Matthew E. Gordley 2011

While scholars of antiquity have long spoken of didactic hymns, no single volume has defined or explored this phenomenon across cultural boundaries in antiquity. In this monograph Matthew E. Gordley provides a broad definition of didactic hymnody and examines how didactic hymns functioned at the intersection of historical circumstances and the needs of a given community to perceive itself and its place in the cosmos and to respond accordingly. Comparing the use of didactic hymnody in a variety of traditions, this study illuminates the multifaceted ways that ancient hymns and psalms contributed to processes of communal formation among the human audiences that participated in the praise either as hearers or active participants. The author finds that in Greek, Roman, Jewish, and Christian contexts, many hymns and prayers served a didactic role fostering the ongoing development of a sense of identity within particular communities.

Take God's Hand and You Will Never Walk Alone - Neal Ervin 2020-02-26

Death visited our family early in my youth, taking my father without warning, exacting its toll of loss and grief on me, my mom, and four siblings, leaving us all emotionally scarred. We loved Dad and grieved bitterly, surviving with feelings of desolation and sorrow as our strong family circle was forever broken; my sister, ten years old, was unable to comprehend "why Dad left her." God's Angel of Death would visit my family, inflicting the pain of sorrow and loss repeatedly, and in the years to come I would lose my mother, sister, and two younger brothers. I would later become estranged from my own family through divorce, and relocation would sever relationships, uprooting me from my career, the old familiar places and faces, plunging me back into sadness and loneliness, grim reminders of loss from the not distant past. In the middle of the storms I lost my auditory senses and had to adapt to an entirely new world that introduced fear and rejection, and at one point of my life I became fearful of dying suddenly. I realized, too much later, that I never really was ever alone; God was always with me and he was keeping me here, carrying, guiding, strengthening me through every storm, giving my life direction again, restoring me full-circle to his purpose for me--writing to tell of his love. It took a while for me to understand God's grace, how he led me through the years of stormy darkness to a relationship with him through love and mercy that is unsurpassed; and, while I am still working on life, a great part of its purpose is to share my hope and faith and attest to God's love and grace, but most of all to bear witness to the triumphant, peaceful joy of walking, talking with, and listening to God along the valleys and mountaintops of life.

[A Joyful Noise](#) - Amy Santi Bull 2013-01-03

When troubles arise the first thing we do is pray. We ask the Lord to quickly relieve the pain and suffering of the situation. But how often do we send up prayers of praise and thanksgiving? Let Amy Santi Bulls forty-five poems in this collection lead you on the path to showing the Lord how grateful you are for all He has done in your life. As in her other books, *Believe* and *My Inner Strength*, each poem in *A Joyful Noise* has five Bible verses that coincide with the meaning of the poem. These

verses are listed in the Reference section following the poetry and show that praise and thanksgiving were offered to the Lord throughout time. So now, do you have a reason to be thankful? Do you have answered prayers? Then give the Lord the praises He deserves and let Amy's poetry guide you along the way.

Introduction to Psalms - Hermann Gunkel 2020-02-05

Hermann Gunkel's commentary on Psalms (Die Psalmen, HKAT)—considered by many to be his magnum opus—was published in 1926. But he was unable to complete his final work on the Psalms. The severe suffering of the final months of his life forced him to hand over his incomplete manuscript, at Christmastime 1931, to his pupil Joachim Begrich. Gunkel died on 11 March 1932. Begrich put the final touches on the organization of Gunkel's last work on Psalms, and it was published in 1933 as *Einleitung in die Psalmen: die Gattungen der religiösen Lyrik Israels*. As with much of Gunkel's other work, the influence of *Einleitung in die Psalmen* on the study of the Psalms, Hebrew poetry, and, indeed, the whole realm of Old Testament literature, lyric, and cult, as already noted, "can scarcely be overestimated."

Poems of American History - Various 2015-01-26

Example in this ebook The poetry relating to American history falls naturally into two classes: that written, so to speak, from the inside, on the spot, and that written from the outside, long afterwards. Of the first class, "The Star-Spangled Banner" is the most famous example, as well as perhaps the best. Even at this distant day, reading it with a knowledge of the circumstances which produced it, it has a power of touching the heart and gripping the imagination which goes far toward proving the genuineness of its art. Of the second class, "Paul Revere's Ride" is probably the most widely known, though Mr. Longfellow's own "Ballad of the French Fleet" is a better poem. It is evident that, in compiling an anthology such as this, different standards must be used in judging these two classes. The first, aside from any quality as poetry which it may have, is of value because of its historical or political interest, because it is an expression and an interpretation of the hour which gave it birth. With it, poetic merit is not the first consideration, which is, perhaps, as well. Yet, however slight their merit as poetry may be, many of the early ballads possess an admirable energy, directness, and aptness of phrase, and there is about them a childlike simplicity impossible of reproduction in this sophisticated age—as where Stephen Tilden, in his epitaph on Braddock, requests the great commanders who have preceded that unfortunate soldier to the grave to "Edge close and give him room." With the retrospective ballad, on the other hand, poetic merit is a *sine qua non*. It has little value historically, however accurate its facts. It differs from the contemporary ballad in the same way that the "New Canterbury Tales" differ from Froissart; or as the "Idylls of the King" differ from "Le Morte Arthur." It is less authentic, less convincing, less vital. It may have atmosphere, but there is no infallible way of telling whether the atmosphere is right. Unless it is something more, than mere metrical history, the modern ballad has little claim to consideration. These are the two principles which the present compiler has had constantly in mind. Yet the second principle has been violated more than once, since, in a collection such as this, one must cut one's coat according to the cloth; or, rather, one must make sure that one is decently covered, though the covering may here and there be somewhat inferior in quality. So it has been necessary, in order to keep the thread of history unbroken, to admit some strands anything but silken; and if the choice has sometimes been of ills, rather than of goods, the compiler can only hope that he chose wisely. The most difficult and trying portion of his task has been, not to get his material together, but to compress it into reasonable limits. Especially in the colonial period was the temptation great to include more early American verse. Peter Folger's "A Looking-Glass for the Times," Benjamin Tompson's "New England's Crisis," Michael Wigglesworth's "God's Controversy with New England," the "Sot-Weed Factor," and many others, which it is recalling an old sorrow to name here, were excluded only after long and bitter debate. No doubt other exclusions will be noticed by nearly every reader of the volume—and it may interest him to know that the material gathered together would have made four such books as this. To be continue in this ebook

Messiaen's [sic] Explorations of Love and Death - Siglind Bruhn 2008

Olivier Messiaen's lifelong quest centered on the colors and rhythms of a music that would serve as a vehicle for his thoughts about time, his love of God, and his enthusiasm for birdsong. An additional topic about which he felt deeply is that of passionate, fated human love and its relationship to death on the one hand, the love of God on the other. During the years 1936-1948, he composed five cycles of vocal music to his own texts as well as the Turangalila Symphony, the monumental centerpiece of his Tristan Trilogy. The focus of this study is the in-depth analysis and interpretation of these six works on love, with particular regard for their unusual wealth of poetic, sonic, and visual colors and imagery. The wonder of rainbows, the magic of exotic sounds, the fantastic attractiveness of surrealist representations, and the majestic inexorability of fate in myths of various times and cultures define Messiaen's lyrics as much as his idiosyncratic, highly symbolic musical language, which never fails to build bridges between this and another world.

Cries of Earth and Altar - Charles L. Bartow 2014-11-12

The poems of *Cries of Earth and Altar* speak of human laughter, mystery, work, play, sorrow--and even rage--as an oblation set upon heaven's high altar, which, as Calvin noted, is Christ himself. Upon that altar, the cries of earth are made a cry of glory, "Abba, Father" (Mark 14:36; Rom 8:15)! With the exception of those poems labeled "out of season," each poetic text is given a place in the Christian liturgical calendar: Advent-Epiphany, Transfiguration Sunday, Lent-Pentecost, and Ordinary Time. In the concluding essay, poetry and preaching are spoken of as fragile indicatives that implicitly call into question all claims of inviolability and permanence for humanly wrought systems of thought, common life, and governance. They survive as verbal, vocal, and physical gesture, as ink turned into blood.
